Royal Agricultural Society of NSW

Thank you from the President

Thank you for entering this Sydney Royal Competition and congratulations to all of this year's Sydney Royal medal winners.

Entries continued to be strong this year, highlighting the importance of our competitions amongst producers. Acknowledging excellence and encouraging innovation is at the heart of our charter, and in turn, supports a sustainable and successful future for all involved in each agricultural step of our food and wine industries.

Our Sydney Royal competitions are amongst the most prestigious in the country, raising the benchmark in product superiority across a range of diverse classes.

The reward for such excellence is a Sydney Royal medal, a significant achievement and one that is acknowledged by your industry peers and consumers alike. The ability to go to market with Sydney Royal artwork on the packaging elevates your product and signifies the exceptional quality recognised by our judges.

The standards set at our competitions are renowned across Australia, endorsing the impartiality, rigorous standards and absolute professionalism of our esteemed judging panels.

I would like to extend my gratitude to our judges, stewards and dedicated committees. I would also like to give thanks to all associated sponsors who support the ongoing development of our Sydney Royal competitions each year.

I look forward to seeing the passion and devotion of our winning producers result in commercial success, and I encourage them to take advantage of all associated benefits of their win.

I hope all entrants have enjoyed their experience and are inspired to join in the tradition of entering every year. It is one way in which producers can play a crucial role in the viable future of our agricultural industries.

A handwritten signature in black ink that reads 'Robert M. Ryan'.

Top-shelf produce awarded Champion at Sydney Royal Taste of Excellence

Tuesday, 24 September 2019

The Royal Agricultural Society of NSW (RAS) has crowned its 2019 Sydney Royal Fine Food Show Champions at the Sydney Royal Taste of Excellence Awards today, celebrating some of the best produce and producers in the country.

Over the past month, more than 1,800 Fine Food entries across nine categories were judged by some of the finest palates in the country; supporting excellence within the industry by providing invaluable feedback to exhibitors and awarding quality producers.

Sydney Royal Fine Food Committee Chair, Lachlan Bowtell said consumers should be proud of the outstanding products made available right here in Australia.

“A Sydney Royal medal is a symbol of excellence and those awarded here today can be proud that their products are of the highest standard in Australia,” Mr Bowtell said.

“We have some of the best produce in the world, and through competitions, like Sydney Royal, we can continue to uphold these standards and keep evolving.

“This year’s Show again demonstrated that despite the current adversities our farmers are facing, local producers continue to persevere and deliver outstanding quality time and time again. Australian’s should be proud of their local producers and the standards they adhere to.”

At Sydney Royal Taste of Excellence, the 2019 Fine Food Champions were announced across the following categories: Coffee, Professional Bakery, Preserves, Condiments & Specialty Products, Branded Meats, Smallgoods & Charcuterie, Pasta, Oil & Olives, Chocolate and Confectionery, and Aquaculture.

Class 3 - Oysters (other than Sydney Rock Oysters, i.e. Pacific, Angasi)

JUDGES COMMENTS: Exhibit presentation was good but more attention to detail needed to be given to the management of marine biofouling. Pacific oyster condition was adversely effected by a watery condition which had a significant affect on flavour. Native oyster presentation was generally good however as with Pacific Oysters more attention needs to be given to the management of marine biofouling. Some native oyster Exhibits were affected by mud worm and local spawning issues.

FRESH FISH

Class 4 - Fresh Fish (e.g., Barramundi, Rainbow Trout, Murray Cod, John Dory, Mulloway, Ocean Trout, Salmon, etc.)

JUDGES COMMENTS: Small barramundi was mostly well presented fish that were extremely fresh. Medal winning fish had an excellent flavour profile but there was variation especially in texture. A few Exhibits had an earthy/grassy aroma which marked them down. Large barramundi was extremely well presented, mostly identical Exhibits, with great care taken to present high quality unblemished barramundi as if they had been harvested this morning. Some variation in flavour and texture. Other fish again had great care taken in selection of fish to Exhibit, stunning fish in most cases. Most fish presented a very clean taste and the large number of Medals highlighted success of this years Exhibits.

2019 BRANDED MEAT COMPETITION

LAMB CLASSES

Class 1 - Domestic Lamb.

JUDGES COMMENTS: Congratulations to all processors and their livestock suppliers on entering great product given the current season. Notable increase in IMF in all Exhibits compared to previous years, yet a decrease in loin eye size and shape. A number of unique flavour profiles identified. This is assumed to be from supplementary feeding due to current seasonal conditions.

CONFECTIONERY

Class 8 - Confectionery (including brittle, nougat, rocky road, fudge, fairy floss, etc.). Can be chocolate based or non-chocolate based.

JUDGES COMMENTS: A very good Class overall as evidenced by the number of medals awarded. Where best in Class produced good true to type flavours of product and well crafted flavour innovations with good control of technical skill, texture and capacity to marry flavour across combinations. Good to see ideas and innovation occurring and don't be afraid to experiment. Nuts in general could be more even or more roasted to enhance character, cook at a low temperature for a longer time to control caramelisation in roasting.

2019 COFFEE COMPETITION

COFFEE

Class 1 - Espresso

JUDGES COMMENTS: Exhibits entered looked of high quality green bean but a high percentage were roasted very light and lacked flavour development that is usually seen in espresso coffees. In addition, Judges noticed few Exhibits to be roasted too far showing ashy and carbony characters. Still, there were decent numbers of well developed roasted coffees which were suitable for espresso competition. I would like to encourage future participants to focus on proper roast development to suit this Class to avoid excessive acidity/sourness created by underdeveloped roast as well as ashiness and harshness being characteristic of overroasted beans. What was observed is an over reliance on the inherent characteristics of the green bean to deliver espresso qualities rather than using roasting skills and knowledge to develop those inherent characteristics to espresso standards. It was nice to see coffees from all across the world. Some coffees clearly not specialty but well roasted to produce quality in the cup. Well done.

Class 3 - Plunger Coffee

JUDGES COMMENTS: The blend plunger Exhibits were well weighted toward the medium-dark roast style with majority of taste profiles being rounded and developed in flavours. Of the 18 Exhibits we noted a general absence of discernible, unique, delicate flavour characteristics across this Class. Overall, crowd pleasing coffees in a well represented category. The single origin and Australian Blends had a solid result overall, good cross section of flavours both fruity and complex chocolate and nuttiness. Broad interpretation of roast levels, uniform roasts and full bodied profiles.

TABLE OLIVES

Class 4 - Table Olives. Green, Black, Kalamata, Wild, Value Added Olives (Spiced or Flavoured Green / Black Olives including Garlic, Chilli or Rosemary)

JUDGES COMMENTS: Smaller fruit were the stars of the Class with some standout olive flavours with good crunch. Good to see the additions of herbs and spices not dominating the olive flavour. Those presented in quality olive oil had good mouthfeel and scored

2019 PASTA COMPETITION

PASTA CLASSES

Class 1 - Fresh Pasta (e.g., Tortellini, Ravioli, Linguine, Spaghetti, etc.)

JUDGES COMMENTS: Very good Class. The products had integrity and were true to form. Most of the pasta delivered good flavour, very good texture and was robust. Important to remind producers to always consider cooking times as it is what the consumer will cook their product by. It was encouraging to see prominent use of durum wheat and Australian grown flavourings like Tassie saffron. A reminder for producers that their pasta should be a true representation of their nominated pasta shape and size i.e. angel hair pasta or linguine.

Class 3 - Filled Pasta (e.g., Tortellini, Ravioli, Gnocchi, etc.)

JUDGES COMMENTS: Overall a very pleasing, good quality selection of Exhibits, as evidenced by the number of medals awarded. Interesting flavour combinations true to product description, with good flavour balance, and not too many ingredients (which can fight each other). The best in Class had very good combination of balanced flavours, some others may need other contrasting flavours or more flavour to improve. Pasta quality overall was significantly better than it has been in previous years. The cooking liquid contained very little breakdown of starch, a sign of good quality pasta.

Class 2 - Savoury Preserves (e.g., sauces, marinades, mayonnaise, pesto, tapenade, mustards, horseradish, chutney, relishes, etc.)

JUDGES COMMENTS: Overall Class was a high standard with great produce featured and many medals awarded. Strong innovative products showcasing great multicultural diversity. We looked for Exhibits that looked bright and had a great flavour profile and were well balanced. It was noticed some issues with undercooked inclusions (onions and/or spices) that impacted on the flavour and/or texture of the finished product. Some care is required to label products with the appropriate terminology eg. savoury jam, relish, chutney.

Royal Agricultural Society of NSW

Australia's Premier Food & Beverage Award

The 14th Annual President's Medal

The President's Medal is unique in that the Medal is not awarded solely on taste; it recognises a product's overall financial, social and environmental integrity through the entire production cycle from gate to plate.

It draws from Sydney Royal Champions throughout the year, examines, and celebrates truly inspirational, innovative agricultural food and beverage achievers.

Class 5 - Specialty Products (e.g., cereal, grain or seed products, legume products, nuts and nut products, preserved & dried fruit, vegetable & seafood products, etc.)

JUDGES COMMENTS: Quality of products was exceptional and demonstrated a high level of thought going into the finessing of innovative product development. We enjoyed the variety of products in the Class and the use of new and innovative ingredients and/or techniques that showcase place and territories. We would encourage further Native or Australian ingredient products to consider their place in the competition. Medal success was assured by the balance of flavour and quality ingredients used.

Class 6 - Vinegars (e.g., caramelised, maceration including raspberry or tarragon, from any fruit, vegetable or grain, etc.)

JUDGES COMMENTS: A really great display of diverse styles with fewer technical problems than previous years. It was great to reward Gold Medals to many styles. Best examples of each style were rewarded. Returning to simplicity is the key to success, even the flavoured vinegars were done with class and balance rather than excessive use of artificial flavours and made this a joy to judge. The best vinegars, in all styles, balance fruit flavour, acidity and sweetness. Sweeter is not always better if out of balance. So glad to see integrity in vinegar making, previously we saw too many overly sweet, excessively flavoured products that appeared artificial. Most Exhibits this year used real fruit, balanced acid and sugar and were made with class and subtly, it's an exciting time in our industry if this continues. Remember a vinegar must be acidic to be a vinegar and be useful in cooking, so make sure it has at least some acid to be a functional product in this Class.

Class 4 - Specialty Loaf, including Artisan Bread & Hot Cross Buns (e.g., spelt, soy & linseed, olive, roasted garlic, herbs, Plain Vienna or Cob Loaf, etc.) Specialty Loaf: Any shape or size, Hot Cross Buns: 80g each.

JUDGES COMMENTS: Gluten free Exhibits were nicely risen and high standard, good textures seen and innovative. The Class has improved to more like gluten products Specialty flavoured breads - great innovation and textures should be more apparent. Exhibits included new grains and techniques also highlighting health platforms. Attention to detail on exterior will see more medals. Fruits breads - Small amount of Exhibits with inconsistent use of ingredients and flavours and rushed artisan skills. Hot cross buns and seasonal breads - inconsistent skills and ingredients.

Class 15 - Filo / Ketife Pastry (e.g., spanakopita, filo rolls/wraps, baklava, strudel, etc.). Any shape or size.

JUDGES COMMENTS: In future more Exhibits would benefit the Class to create more of a diversity of between sweet and savoury flavours. Care needs to be taken when incorporating wet fillings to ensure a crisp flaky end product.

Class 16 - Savoury Pastry, Pie or Sausage Roll made with shortcrust or puff pastry (e.g. beef pie, chicken and broccoli, vegetarian, etc.) Any shape or size.

JUDGES COMMENTS: Overall a very good level of Exhibits with high standards of pastry with good use of butter in pastry with good flavours on trend good level of high standard of vegan Exhibits and gluten free pastries. Some of the spice and flavourings were bland and with small improvements would have great results.

PASTRY CLASSES

Class 14 - Shortcrust Pastry (e.g., sweet pies, tarts, flans, quiche, etc.) Large/Multi-Serve or Individual.

JUDGES COMMENTS: Standard was very high. High level of diversity and the gluten free Exhibits were excellent and strong enough to stand on their own feet. Finishings were very elegant and well thought out. Overall the quality of the pastry was excellent - short, well baked and thin. The filling to pastry ratio was noted as being a highlight with the correct balance. Class was well supported with an array of high quality sweet and savoury products. Perhaps the Class might be better supported with a few more savoury products.

Class 17 - Viennoiserie including Yeast-based and Laminated Pastries (e.g., Danish, vanilla slice, brioche, croissant, pain au chocolat, etc.) Any shape or size.

JUDGES COMMENTS: This Class was wide and varied on styles with some bold ingredient choices, a vast disparity between gluten free and standard gluten based products presented a challenge to Judges. As did the inclusion of fried products, a common fault in the Panary lamination products was a collapsing of cell structure leaving large and undesirable holes, however a fine showing of products in general and a pleasure to judge.

2019 SMALLGOODS & CHARCUTERIE COMPETITION

BACON

Class 1 - Bacon middle product, bone in or boneless, full or partial, rind on or rindless, cured and smoked

JUDGES COMMENTS: Great innovation on flavours of wood type and honey profile. Overall a very high standard of workmanship good fat ratios to meat. Exhibitors need to ensure flavour is balanced across profile.

JERKY / BILTONG

Class 5 - Jerky and Biltong strips

JUDGES COMMENTS: Some excellent Exhibits which maintained the high standards expected but slightly below other years, as no Exhibit was a standout worthy of Gold medal. Some of the hotter Exhibits had a better flavour balance than previous years while others were still overpowering with minimal flavour. The general standard continues to improve year to year looking forward to next years developments.

SAUSAGES

Class 9 - Fresh sausages, any meat species, uncooked.

JUDGES COMMENTS: Generally Exhibits were of a good standard. Some products pushed past the traditional, which is good to see. Some good, and interesting innovation was seen, and tasted. Meat selection and quality, was of a very high standard, very little to no sinue, and gristle was found. Keep on innovating!
