SINCE 1822

Royal Agricultural Society of NSW

## Welcome from the President

Thank you for your interest in entering a Sydney Royal competition at the 2023 Sydney Royal Easter Show.

Agricultural competitions are at the heart of the Royal Agricultural Society of NSW (RAS) charter – to encourage and reward excellence, and support a viable and prosperous future for our agricultural communities. And it's been that way since our first Show in 1823. Today, the Sydney Royal competitions held at the Show attract close to 30,000 entries each year from passionate, skilled producers, competitors and craftspeople across the country.

The spirit of friendly competition comes alive at the Show each year when Australia's agricultural community comes together to celebrate at the Sydney Showground, and state pride comes to the forefront. There is also a remarkable sense of belonging and of representing your region with pride.

To further enhance the sense of community if you are not a Member, I recommend joining the RAS - membership provides the perfect opportunity to get even more out of your Show experience.

Every year, the RAS works to evolve the Sydney Royal competitions. Our commitment to adapting to consumer and industry trends ensures our competitions remain relevant, encourage excellence and are world-class.

The integrity of our Sydney Royal competitions rests in the hands of accomplished, knowledgeable and most importantly independent judges. I'm always impressed by their professionalism, energy and high ethical standards.

On behalf of the RAS, I encourage you to enter a 2023 Sydney Royal competition and wish you the best of luck. I'm very much looking forward to seeing the plethora of skills and talents on display at the Show.

Whether you leave the Show with a prize or not, I hope that you and all other exhibitors and competitors benefit from your Sydney Royal experience and look forward to welcoming you back for many years to come.

A handwritten signature in black ink, appearing to read 'M J Millner'.

Michael Millner  
President, Royal Agricultural Society of NSW

### ENTRY FEES

Refer to pages 4 to 7 of the Schedule.

All Fees are inclusive of GST.

### PRIZES AND GST

The Australian Taxation Office has deemed that GST is payable on prizes if an Exhibitor is registered for GST and enters an Exhibit as part of a business enterprise.

The information an Exhibitor provides on the Application for Entry determines whether GST is applicable.

Any prize stated in this Schedule does not include GST.

#### **GST will not apply:**

- if an Exhibitor enters an Exhibit as a hobby or private recreational pursuit; or
- if an Exhibitor enters an Exhibit as part of a business enterprise, the Exhibitor has an ABN, but the Exhibitor is NOT REGISTERED for GST.
- if an Exhibitor enters an Exhibit as part of a business enterprise the Exhibitor is not entitled to an ABN as the business or enterprise is not operating in Australia.

#### **GST will apply:**

- if an Exhibitor enters an Exhibit as part of a business enterprise, the Exhibitor has an ABN, and the Exhibitor is REGISTERED for GST.

Where GST applies, the RAS will pay the prize money quoted in this Schedule plus 10% GST. The RAS will issue a recipient created tax invoice.

**WARNING:** The Exhibitor must complete the **Tax Details** on the Application for Entry. Failure to do so will result in the RAS deducting 47% of the successful Exhibitor's prize money as Pay As You Go Tax (PAYG). The RAS recommends that the Exhibitor seeks professional advice before completing the Tax Details.

### SUPPORTER PRIZES

Prizes are provided by third parties and the RAS advises that any such Prize may be subject to change or amendment occurring at any time, thereby making the original information published incorrect.

These Special Regulations are derived from the Competition Rules of the Australian Axemen's Association (AAA) (updated November 2016) and apply to the Sydney Royal Woodchopping & Sawing Competition.

These Special Regulations include additional special regulations adopted by the RAS for the purposes of the Competition.

Note: words that are capitalised are defined under Definitions or in the body of the Special Regulations.

## KNOWLEDGE AND BINDING EFFECT OF SPECIAL REGULATIONS

1. It is the responsibility of all Competitors to be thoroughly conversant with these Special Regulations. Ignorance of any Special Regulation is not an excuse.
2. At a Competition, these Special Regulations are binding on all persons present, including persons who are not a Competitor.

## RISK WARNING

3. The sport of Woodchopping and Sawing is very strenuous. Axes and saws are also very sharp and could inflict serious personal injury (including death). As such, participation in a Competition may pose a risk to the health and wellbeing of a Competitor. By entering a Competition, each Competitor is representing to the Committee and to the RAS that he is fully fit, sufficiently experienced and capable of safely participating and has not been advised otherwise by a medical practitioner.

## INDEMNITY

4. By entering a Competition, each Competitor agrees that he is present at and competes in the Competition entirely at his own risk. Each and every Competitor at a Competition releases, indemnifies and holds harmless the Committee, each Official and the RAS, in respect of all claims, costs, demands, liabilities and proceedings arising out of or in any way related to the Competition or anything arising therefrom or connected therewith, including as a result of negligence.
5. The indemnity by a Competitor in Special Regulation 4 extends to and applies for the benefit of the Committee, each Official and the RAS in respect of any claim, costs, demands, liabilities and proceedings by or on behalf of a person (whether or not that person is a Competitor) who suffers loss, damage or injury arising out of or in any way related to any act or omission (whether or not intentional or accidental) by the Competitor.

## ENTRIES

 (See also Special Regulation 81)
7. No person may enter or compete in a Competition unless approved by the Committee, which approval may be withheld (or, if given, may be at any time withdrawn) by the Committee in its discretion and without providing any reason.
8. An Entry Form will not be accepted unless accompanied by the prescribed Entry Fee.
9. If a Competitor seeks to enter an Event for which the Competitor is not eligible, the Entry Fee will be refunded.
10. Whether before or after the closing date for entries:
  - (a) the number of Competitors in any Event may be limited,

(b) the order in which Events are conducted may be varied as the Committee may in its absolute discretion determine.

11. If an Event has an age restriction, the Entry Form must be accompanied by a copy of the person's birth certificate, or such other proof of age as may be acceptable to the Committee.
12. An entry will not be accepted by or in respect of a person who, as at the first day of Show in which the person seeks to compete, will not have attained the age of 12 years.
13. If in the opinion of the Committee:
  - (a) there are insufficient entries for an Event listed in the Catalogue,
  - (b) the level of skill or ability of any Competitor in that Event is inadequate,
 the Committee may in its sole discretion and at any time (including during the course of the Competition) decide not to conduct the Event (in which case Entry Fees paid in respect of that Event will be refunded).

## PERFORMANCES INFORMATION

14. If required by the Committee, a Competitor must submit with his Entry Form particulars of his last 6 performances in each relevant discipline, failing which the entry will be rejected.
15. If required by the Committee, a Competitor whose entry for a Competition has been accepted must also submit particulars of all performances since the date on which the Entry Form was submitted.
16. A Competitor who fails to comply with Special Regulation 15 may be Disqualified from competing at the Competition in question.

## HANDICAPPING

17. Competitors in Events conducted in heats or divisions shall be handicapped at the discretion of the Committee or the Handicapper.
18. Handicaps will be determined on the basis of form, inherent ability and performances and such other information as may be deemed by the Committee, or Handicapper, to be relevant.
19. The decision of the Committee, or the Handicapper, in respect of a Competitor's handicap is final and may not be challenged, the subject of a Protest or called into question by any person.
20. The handicap of a Competitor may be adjusted at any time during the course of a Competition in such manner as the Committee or the Handicapper considers appropriate.
21. Handicaps are to be calculated to the nearest second.
22. The minimum handicap for a Competitor is 3 seconds.
23. It is the sole responsibility of the Competitor to be aware of his handicap.

## NOTIFICATION OF EVENTS ON THE DAY

24. The Committee reserves the right to alter the published Start Times for Events and to the extent reasonably practicable in the circumstances, any such alteration on the day of the Event will be notified via a public address system.
25. Despite Special Regulation 24, it is the sole responsibility of the Competitor to be aware of the time Events are due to commence.
26. The Committee may in its absolute discretion and without assigning any reason postpone or cancel any Event and any Competition. In the event of any such cancellation or postponement, the Committee may, in its absolute discretion, refund all or part of the Entry Fees paid by Competitors or may apply those fees towards the cost of entry to a subsequent Competition.

## SCRATCHING

27. Scratchings must be notified to the Committee, or Handicapper, no later than 1 hour before the Event in question is scheduled to commence.
28. Unless the Committee decides otherwise, a Competitor who scratches from, or fails to compete in, or complete, an Event is not entitled to any refund of Entry Fee.

29. Unless the Committee decides otherwise, a Competitor who scratches from a heat after the handicaps applicable to that heat have been made public cannot compete in another heat for the same Event.

**NON-APPEARANCE OF COMPETITOR**

30. A Competitor who has not scratched but who fails to appear for an Event at the time the Event is due to commence forfeits the Entry Fee paid in respect of that Event and at the discretion of the Committee, may be liable to the following additional penalties:
- (a) for a heat, \$100
  - (b) for a final or semi-final, \$150
  - (c) for a Championship, \$250.
31. A Competitor who is requested, or required, to attend a presentation of Awards, or any other form of presentation, but does not promptly attend, is liable to a penalty of \$300.
32. The penalties provided for in Special Regulations 30 and 31 are payable forthwith. Until such penalty has been paid, the Competitor is automatically Disqualified from competing in any further Events at the Competition and any other subsequent Competition.
33. Any penalty suffered by a Competitor that is not paid may be deducted from any prize money that the Competitor may have won.
34. Special Regulations 30 and 31 do not apply when the Competitor's non-appearance is due to injury, illness or other good and sufficient reason that the Committee, in its sole discretion, may accept.

  - (b) all Competitors in Standing Block Events must wear chain mesh shin guards whilst competing.
37. All Competitors, Deputies and Wedgers must at all times keep their Dress in a clean and tidy condition. A Competitor, Deputy or Wedger whose Dress is not clean and tidy may be directed to change his Dress.
38. A Competitor who fails (or whose Deputy or Wedger fail) to promptly comply with Special Regulations 35 to 37 will be Disqualified from any Event in question by the Committee.
39. All Officials at a Competition whose responsibilities require them to enter the Arena must be dressed as required by the Committee.
40. Each Competitor who gains a place in an Event and is by these Special Regulations required at the presentation of Awards must be dressed as required by Special Regulations 35 to 37. A Competitor who is not so dressed may be penalised 25% of any prize money won by the Competitor in the Event in question (and, in addition, may be penalised such further or other penalty that may be imposed by the Committee pursuant to these Special Regulations).
41. At a presentation of Awards, a Competitor must not hold, wear or display, or stand adjacent to any thing relating to any sponsorship or other support the Competitor may have received, except as expressly permitted by these Special Regulations. A hat or cap displaying a private sponsor's logo may only be worn after completion of the Award presentation.

**SPONSOR LOGO**

42. No Competitor's private sponsor's logo may be worn on competition singlets.
43. Subject to Special Regulation 44, a Competitor's private sponsor's logo may be worn in the vertical position on a leg of a Competitor's trousers, but only in the calf or thigh region, or on the seat of the trousers. In no case may such a logo be larger than 100mm by 250mm. (unless specifically previously approved in writing by the Committee).
44. The Committee may require a private sponsor's logo to be removed when, in the opinion of the Committee, the logo is offensive, in bad taste, or is in conflict with a commercial arrangement to which the RAS is a party. A Competitor who fails or refuses to comply with any such requirement is automatically Disqualified from competing in the Competition until such requirement is complied with.
45. The Committee may require a Competitor, at a presentation of Awards, to wear on his Dress an insignia, logo or wording relating to any sponsorship.
- 45A. A Person must not:
- (a) distribute, publish, wear or display,
  - (b) cause to be distributed, published, worn or displayed,
  - (c) be concerned in the distribution, publication, wearing or display of,
  - (d) suffer or permit the distribution, publication, wearing or display of,
- any material or thing that, in the opinion of the Committee, is in conflict with any arrangement of sponsorship or support entered into between the RAS, or the Committee, and a third party.
- 45B. Unless the Committee decides otherwise, a Competitor who in the opinion of the Committee has breached Special Regulation 45A automatically:
- (a) forfeits all Awards that the Competitor has won at the Competition,
  - (b) is ineligible to compete in any further Events at the Competition, and
  - (c) is not entitled to any refund of Entry Fees paid in respect of the Competition; and
  - (d) is ineligible to enter the Competition to be held in the ensuing year.
- 45C. Where Special Regulation 45B(a) applies, the Competitor in question is deemed to have come last in all the Events in which the Competitor competed and the Committee may, in its discretion, adjust all placings and Awards in such Events in such manner as the Committee sees fit.

**SETTING UP OF LOGS**

46. Competitors have sole responsibility for the correct, safe and secure setting up of logs. A Competitor may delegate the task, but not the responsibility, of setting up to a Deputy.
47. In respect of a Tree Felling Event:
- (a) the Competitor is solely responsible for safely and securely affixing the log to the tree;
  - (b) the Committee is solely responsible for ensuring that the tree is safely secured in the device holding the tree upright.
48. If any Official considers that a log has not been correctly, safely and securely set up, that Official may require the Competitor to forthwith re-set the log (for which a reasonable time will be allowed). A Competitor who does not promptly comply with this Special Regulation may be Disqualified by the Official from the Event in question.
49. Competitors (or a Deputy who is assisting the Competitor with setting up the log) must be at their log in sufficient time to complete setting up before the time at which the Event is scheduled to start.
50. Competitors in Underhand and Standing Block Events must set up their logs so that they finish the contest facing the Judge (unless directed otherwise by the Official in Charge).

51. In the case of a Tree Felling Event, Competitors must set up their logs at least 45 minutes before the scheduled Start Time (or such other time as the Committee in its discretion may direct).
52. In the case of all other Events (except Tree Felling) and to the extent practicable, the log must be completely set up no less than 5 minutes before the scheduled Start Time.

#### THE DRAW

53. All logs will be numbered. Except in the case of Championship Events, logs will be allocated by lot drawn by an Official. In the case of Championship Events, logs will be allocated and drawn by an Official in the presence of a Competitor for the Event in question or if no such Competitor is immediately available, a Competitor in another Event.
54. The draw will be conducted in such a manner that the result is random. The result of the draw may then be transcribed onto a card or label and affixed to the appropriate log. Alternatively, the result of the draw may be written on the log.
55. A Competitor may only chop, or saw, the log drawn for that Competitor. A Competitor who before the log has been delivered into the Arena cuts or in any manner interferes with the log wrapping or changes, or attempts to change, the log allocated to that Competitor, without the prior approval of the Official in Charge, is immediately Disqualified from all Events in the Competition (including Events already conducted at that Competition, in respect of which the Competitor also forfeits any Award won).
56. In relay Events, where logs are the same size, Competitors may choose which logs they cut in a particular manner.

#### LOGS

57. All logs intended for use in a Competition are and unless sold pursuant to the following Special Regulation, remain the property of the Committee.
58. Subject to Special Regulation 65, if a log is for any reason not required for an Event or for the Competition, it may be purchased by a Competitor for practice or testing.
59. Any logs not sold to a Competitor pursuant to Special Regulation 65 may be sold or disposed of by the Committee in such manner and to such persons as the Committee deems fit.
60. Logs may be of any variety of timber approved by the Committee and the variety, or any particular log, may (subject to Special Regulation 61) be changed by the Committee without notice.
61. Different varieties of timber may be used for individual Events, save that for each particular Event, all the logs must be from the same tree.
62. Logs used in a Competition must comply with the following provisions:
  - (a) logs must be measured by diameter and not by girth or circumference;
  - (b) a diameter that is as uniform as practical within a tolerance of plus or minus 2mm (save for Championship Events, where the tolerance is reduced to plus or minus 1mm);
  - (c) a minimum length of 610mm for logs intended for chopping;
  - (d) in the case of logs intended for sawing, logs of any length may be used, as determined by the Committee, provided that 50mm (or such greater amount as the Committee in its discretion may decide) is allowed per cut.
63. All measurements are to be undertaken with a metal tape measure graduated in metric measurements, with all measures being correct within 1mm. Approved diameter measurements are 250mm, 275mm, 300mm, 325mm, 350mm, 375mm, 400mm, 450mm, 500mm, 600mm and 750mm.
64. Any dispute or difference relating to the logs must be notified to the Official in Charge prior to the commencement of the Event. The Official in Charge will make a decision in respect of the dispute or difference, which decision is final and binding and not subject to appeal or Protest by any person.

#### PRACTICE

65. A Competitor:
  - (a) must not practice or test an axe or saw in the Arena;
  - (b) may only practice or test an axe or saw on a log that the Competitor has first purchased, as provided by Special Regulation 58 above.
66. A log may not be removed from the Arena before the Event in respect of which the log was intended.

#### PERSONS ALLOWED IN ARENA

67. During the setting up of logs for an Event, the only persons permitted into the Arena are:
    - (a) the Competitor in the Event in question;
    - (b) only one other person who is acting as the Deputy for a Competitor,
    - (c) Officials,
    - (d) guests of Officials.
  68. Principal responsibility for ensuring compliance with Special Regulation 67 rests on the Competitor. A Competitor who fails to assist an Official in the enforcement of Special Regulation 67 may be scratched from the Event in question by the Official in Charge.
  69. During the conduct of an Event, the only persons permitted into the Arena are:
    - (a) the Competitor;
    - (b) in the case of a sawing Event, the Wedger for a Competitor competing in that Event;
    - (c) in the case of a Tree Felling Event, the board puller for a Competitor;
    - (d) in the case of a Junior Event, a coach or parent or guardian as provided in Special Regulation 92;
    - (e) Officials;
    - (f) Any person authorised by the Woodchop Committee.
  70. In sawing Events, the Wedger must not enter the Arena before the Competitor for whom he is acting as Wedger has been called for the Event. A Wedger must comply with the dress Special Regulations that apply to a Competitor (see Special Regulations 35 and 37 above).
  71. At the end of an Event, no person other than an Official may enter the Arena until the "all clear" is given.
  72. At the end of an Event, no person (including a Competitor) other than an Official shall approach a Competitor or inspect the Equipment or the log prior to the "all clear" being given,
  73. A Junior or Novice Competitor is only allowed in the Arena for setting up and cutting a log for their Event, unless special permission to be in the Arena on another occasion has been provided by an Official.
  74. Except as provided in Special Regulations 67 to 73 above, no person may enter, traverse or remain in the Arena, unless that person is undertaking a specific task at the direction of the Official in Charge.
- #### AXES AND SAWS
75. Unless immediately required for use in an Event, axes and saws must at all times be covered on the cutting edge in such a manner that injury to any person cannot occur.
  76. All axes must be:
    - (a) securely pinned with at least one 3mm pin that protrudes continuously through the axe head and axe handle and thus secures the handle to the axe and
    - (b) upon demand by an Official, immediately produced for inspection by any Official.
  77. Any non-compliance with Special Regulation 76 will result in:
    - (a) the immediate Disqualification of the Competitor concerned for that day of Competition (including in respect of Events in which the Competitor may already have competed on that day);
    - (b) forfeiture of any Award already won by the Competitor at the Competition;

- (c) the imposition of such fine, being no more than \$500, as the Committee considers appropriate in the circumstances, which fine is payable forthwith; and
  - (d) the Competitor being ineligible from competing at any Competition until such time as the Competitor has satisfied the Committee and the NSWAA that all axes brought, or that may be brought, into an Arena by the Competitor have been satisfactorily pinned.
78. Except in the case of hard hitting (refer Special Regulation 101), axes:
- (a) must be of a type approved by the Committee,
  - (b) must be of conventional type with one continuous cutting edge,
  - (c) otherwise may be of any weight or blade width.

### **STARTING**

79. A Competitor not present at his designated place in the Arena at the Start Time is automatically Disqualified from that Event.
80. A Competitor who starts cutting before the Start Time will be Disqualified. The decision of the Judge on this question is final and no appeal or Protest is available. If an Event is recorded using Technology, the Judge and the Official in Charge, or his deputy, may have regard to what is shown on the recording in coming to a decision.

### **COMPETITION**

81. Notwithstanding compliance with Special Regulation 6, a person is not eligible to compete unless as at the date of the Competition:
- (a) if normally resident in Australia, the Competitor is a registered and duly paid up member of a Local Association, or
  - (b) in the case of a Competitor normally resident outside of Australia, the Competitor produces, on demand, documentary evidence that he is a paid up member of an association representing participants in the sport of Woodchopping and Sawing that is recognised as such by the AAA and the RAS.
82. Woodchopping and Sawing contests will be conducted in heats, semi-finals and finals, or as otherwise determined by the Committee having regard to the number of Competitors.
83. Competitors in heats must continue chopping (or sawing) until at least 3 other Competitors have severed their logs. A Competitor who fails to adhere to this Special Regulation may be subject to Disqualification or such other penalty as the Committee decides, unless the Judge is satisfied that the Competitor is suffering from exhaustion, or has a damaged axe or saw, or should be excused for other sufficient reason.
84. Before the Start Time, neither a Competitor nor his Deputy, nor any other person, is permitted to make any mark with an axe or saw on the log, provided that in an Underhand Event the Competitor (or his Deputy) may make a foothold and in a Standing Block Event, a doghold. Breach of this Special Regulation will result in Disqualification.
85. Pushing or pulling the log with an axe, or pushing the log with a foot or hand including the application of undue pressure to the loose (ie unfixed) end after the last blow has been delivered by raising the foot and kicking downwards, forwards or backwards, will result in Disqualification.
86. Except when setting up and securing a log, a Competitor must not cut or trim the log, or hit it with any part of the axe.
87. Axes and saws must completely sever logs into at least 2 parts.
88. During the conduct of an Event, no person may render physical assistance of any kind to a Competitor, except in the case of injury to or illness of the Competitor (having first obtained permission from the Official in Charge or the Judge), or in an emergency.
89. At the completion of chopping or sawing, Competitors must remain at their logs until the "all clear" is given.

90. Other than in the case of Tree Felling:
- (a) the Judge has a discretion to direct a Competitor in any Event to cease competing after 2 minutes from the Backmarker's Start Time, or at any time if in the opinion of the Judge the Competitor appears to be unwell or in undue distress;
  - (b) despite (a), a Competitor who has not completely severed his log within 3 minutes from the Backmarker's Start Time may be directed by the Judge to cease chopping or sawing.
- A direction by the Judge pursuant to (a) or (b) above may not be the subject of a Protest or appeal of any kind.
91. Special Regulation 90 applies in the case of Tree Felling and Butcher's Block, except that the times are altered to 8 minutes and 12 minutes respectively.

### **JUNIOR LEVEL COMPETITORS**

92. In addition to complying with Rule 35 in relation to Dress, a person may compete at Junior level only if the person wears chain mesh socks and chain mesh shin guards. A person who does not comply with this Rule is automatically ineligible for the Event in question and will not be allowed to compete in that Event. Further, if a person competes in an Event in breach of this Rule, the person is not eligible for any Award in respect of the Event and will be deemed to have finished last.
93. (a) During the conduct of a Junior Event, either the coach or a parent or guardian (in each case being a paid up member of a Local Association) of that Junior Competitor may, at their option be present in the Arena, but must at all times during the Event: Any such Person must:
- (i) remain in such place within the Arena as the Judge or the Official in Charge nominates.
  - (ii) conduct himself in an orderly and appropriate manner.
- (b) A person who does not comply with paragraph (a) must, if so directed by the Judge or Official in Charge, forthwith leave the Arena, failing which the Competitor may be directed to cease chopping (or sawing, as appropriate) and/or may be Disqualified. Where a person concerned has left the Arena, the Judge may, at his discretion, permit a substitute to enter the Arena.
94. A Junior Competitor who is competing may only use an axe not exceeding a weight that has been determined by the Local Association of which the Junior Competitor is a member. However, if it appears to the Judge or the Official in Charge that the axe is too large or heavy for the Competitor, the Competitor may be directed by the Judge or Official in Charge to use a different axe that is more suited to the Competitor.
95. Special Regulation 72 applies.

### **SLABBING**

96. It is the responsibility of the Competitor to take precautions to prevent slabbing. A Competitor who cuts a Slab from their log is liable to Disqualification. However, the Competitor will not be Disqualified if they sever the slabbed piece of timber without assistance from any other person and before the "all clear" is given. This Special Regulation also applies in the case of an unsevered splinter, if the splinter does not exceed 12mm in thickness in its greatest dimension at the saw cut, foothold or doghold end: however, this exception does not apply if the log is held together by that splinter, irrespective of how thin the splinter may be.
97. Permitted anti-slabbing precautions are:
- Nailing the end of the log,
  - Banding the end of the log with wire, strapping or tape,
  - Any other method prescribed by the Committee.

### **HARD HITTING**

#### **Title Events**

98. All World and Australian championship hard hitting Events must be Restricted Events.
99. The Committee may decide, in respect of a State Title, that a hard hitting Event will be either a Restricted Event or an Unrestricted Event. The decision must be advertised in the Schedule.

**Unrestricted Event**

100. Hard hitting may be either a Standing Block, or Underhand, as the Committee decides. The Competitor must completely sever (ie no remaining splinters) the log within 2 minutes of the Start Time. An Official must not inspect the log before the expiration of 2 minutes, unless the Competitor has indicated that he has finished chopping. The Competitor may not thereafter resume chopping.
101. Despite Special Regulation 96, all Slabs must be completely severed, irrespective of the precautions taken to prevent slabbing. Should a chip be lying in the Scarf in such a way that in the Competitor's opinion it would constitute a risk of injury to the Competitor or a third party if another blow was struck, the Competitor must remove the chip using the back of the axe only. A Competitor who uses any part of his body to remove a chip will incur Disqualification.
102. Axes of any size, weight or shape may be used.
103. A Competitor may rest the axe on the block between blows to assist balance, but in doing so must not touch the Scarf with the cutting edge of the axe: to do so will be counted as a blow.

**Restricted Event**

104. Special Regulation 100 applies. However, the Committee may alter the 2 minute time period to suit wood types.
105. The axe must be of a type approved by the Committee and must not exceed 3kg in overall weight and the cutting edge must not exceed 180mm in width.
106. A Competitor must not twist or wrench the axe, or remove or break a chip by movement of the axe head, after the Competitor has completed the blow and the blade of the axe has finished its penetration into the wood. Each breach of this Special Regulation shall add an extra hit to the score.
107. Pushing a chip with the nose of the axe constitutes a blow and is counted as a hit.
108. A Competitor will incur Disqualification if the Competitor:
- touches by hand any part of the Scarf;
  - in the opinion of the Judge, has deliberately split the log.
109. If a chip is lying in the Scarf in such a manner that the Competitor considers it to be unsafe to continue chopping, the Competitor may seek the Judge's permission to remove the chip using only the back of the axe head. Removal of the chip in this manner does not constitute a blow. However, removal of the chip without first having the Judge's permission does count as a blow.

**Applicable to both Restricted and Unrestricted hard hitting**

110. A chip must be lifted or dislodged from each side of the block.
111. In the event of a tie in the number of hits, placings will be determined by the fastest times.
112. In hard hitting using a Standing Block, the Scarf is to be cut using the conventional method. In particular, the V cut is prohibited.

**SAWING**

113. Unless the Committee otherwise decides prior to a Competition, saw cuts must be started as close as possible to the front (ie unfixed) end of the log and in any case, must not be more than 50mm from the original exposed edge of the log at the top and bottom sides of the saw cut.
114. Lubricant may be used on a saw prior to and during an Event.
115. The saw cut must saw through the log from one side only. For the avoidance of doubt, Special Regulation 96 applies to sawing.
116. In the case of single handed sawing, the free end of the saw must be free of any handle or any weight device.
117. A Wedger must stand at the opposite end of the log to the saw cut, but must not in any way touch or guide a saw or that portion of the log which is being sawn off. Any breach of this Special Regulation will incur Disqualification for the Competitor and, if applicable, the team of which the Competitor is a member.
118. All saws used by Competitors must be of a type approved by the Committee.

**TREE FELLING**

119. Trimming of sapwood (or deeper) is prohibited unless for special reason and with the prior permission of an Official. Bark fragments may be removed.
120. Cutting of practice board holes in trees erected for Competition is prohibited.
121. Competitors must put 3 boards into a tree above each other in the following manner:
- the first board must be approximately 1 metre from the ground with the toe of the board inserted into a new board hole cut by the Competitor;
  - the second board must be approximately 2 metres from the ground - otherwise as per (a);
  - the third board must be approximately 3 metres from the ground - otherwise as per (a).
- From the third board the Competitor must cut the front Scarf, then descend, removing each board to the ground, then ascend on the other side of the tree, placing the boards as provided in (a), (b) and (c) above, and from the third board continue cutting.
122. (a) Logs must not be cut from one side only.
- All boards must be positioned in a board hole without any handling or supporting device.
  - The Competitor must not have any attachment from their person to the tree or any device which could assist them to remain on the board, except that a non-skid surface on the upper surface of the board and/or the soles of the Competitor's shoes is permitted.
  - A Competitor who cuts into an existing board hole may be Disqualified, unless, within 5 minutes prior to the commencement of the Event, the Competitor has informed the Judge that having regard to the position of an existing board hole, that board hole may be slightly cut into and the Judge is of the opinion that this is reasonable in the circumstances.

123. Two board trees shall be cut in the manner described in Special Regulations 121 and 122, unless the Committee decides otherwise.

**UNDERHAND CONTESTS**

124. A Scarf must be cut clear of both footholds. A Competitor who cuts into a foothold is Disqualified.
125. A Competitor must only cut whilst standing on the log. If the Competitor is dislodged from their position on the log before the log is completely severed, they must reposition themselves on the log before continuing to chop. However, a Competitor may get off a log to cut a Slab which may be chopped where it lies or after the Competitor has placed the Slab on the log.
126. The cut must be made by cutting the Scarf on the front side of the log to about half way through, then a Scarf must be made on the back side of the log and chopping continue until the log is completely severed.

**STANDING BLOCK CONTESTS**

127. A Scarf must be cut clear of all dogholds. A Competitor who cuts into a doghold is Disqualified.
128. Special Regulation 126 applies to this contest. Circumferential cutting of the log is prohibited.

**NOVICE CONTESTS**

129. A Novice Competitor ceases to be Novice in a Discipline if the Competitor wins an Open Event in the same Discipline.

**RELAY CONTESTS** (see also Special Regulations 175 to 182)

Butcher's Block (one Competitor at a time)

130. The first Competitor commences the chop by opening a Scarf and cutting into the log to approximately half way through, during which time the Competitor's partner Competitor must remain in a neutral area as defined by the Committee. Upon completion of their cut, the first Competitor must retire to the neutral area. The partner Competitor then commences cutting by opening a Scarf on the opposite side of the log and cutting until the log is completely severed, during which time the first Competitor must remain in the neutral area. Circumferential cutting of the block is prohibited.

131. Once the partner Competitor has commenced cutting, the first Competitor must not cut or touch the log. Breach of this Special Regulation will result in Disqualification of both Competitors.

Butcher's Block (two Competitors at a time)

132. The two Competitors may cut the log either alternatively or simultaneously from both sides or, when the block is greater than 500mm in diameter, simultaneously on the same side.

133. A Competitor must not, in the Committee's opinion, intentionally split the top or bottom of the Scarf. Breach of this Special Regulation will result in Disqualification of both Competitors.

Team Relay

134. Teams of Competitors shall be as approved by the Committee. Each team must appoint a team captain.

135. During the contest, the team captain may stand adjacent to the next Competitor to cut and as soon as the previous Competitor has completed the cut, tell that Competitor to commence cutting. If a Competitor commences cutting before the previous Competitor has finished cutting, or the team captain tells the Competitor to start cutting before the previous Competitor has completed the cut, the team is automatically Disqualified.

136. Prior to completion of the second last cut, the team captain must move to their cutting position. The team captain must not commence cutting until the previous team Competitor has completed the cut. Should the team captain start cutting before the previous Competitor has completed the cut, the team is automatically Disqualified.

137. Except for the team captain, all team members must remain at their respective blocks after they have completed their cut until the last cut has been completed.

138. Where, in a team relay Event, all blocks are of the same diameter, those blocks may be drawn in team lots and placed by the team in any position.

#### **COMBINATION CONTESTS**

139. In a single man contest, the Competitor must cut 2 logs each: one Underhand and one Standing Block. The Underhand must be cut first and immediately that log is completely severed, the Competitor must cut the Standing Block. After commencing to cut the Standing Block, the Competitor cannot return to the Underhand log.

140. In a two man combination, the first Competitor must cut the Underhand log first and if both Competitors are using the same axe, immediately that log is completely severed, the first Competitor must place the axe against a log for the second Competitor to pick up and commence cutting the Standing Block, until it is completely severed. If the Competitors are not using the same axe, the second Competitor must not commence cutting until after the first Competitor has finished cutting.

141. In both single man and two man combinations, the Competitors may set up the logs in any way they choose (provided that the logs are of the same diameter), except that in the interests of safety, the Judge or the Official in Charge may direct the Competitors to re-position the logs.

142. Special Regulations 124 to 128 apply to combination contests.

#### **PROTESTS**

143. Subject to these Special Regulations, a Competitor directly affected by the placings in any Event may lodge a Protest. A Protest may be lodged verbally or in writing, but a verbal Protest must be confirmed in writing if so required by the Official in Charge.

Where the Competitor is a Junior, he/she may be accompanied by a parent or guardian.

144. All Protests must be accompanied by a fee of \$100 (or such greater amount as the Committee may have announced prior to the Competition). If the Protest is upheld, the fee is returned; if the Protest fails, the fee is forfeited.

145. All Protests must be made to the Official in Charge, or his deputy, either before, or within 10 minutes of, the public announcement of the placings in the Event. Late Protests will not be accepted.

146. The Committee will consider the Protest and announce its decision as soon as practicable. Where there is Technology in use which would assist the consideration of the Protest, it is to be used. The Committee's decision in relation to the Protest is final.

147. No person, other than the Committee and the Judge, is allowed into any area where they may see any equipment used in the judging process. Breach of this Special Regulation may be penalised in such manner as the Committee sees fit, including relegation of the Competitor to last place in the Event in respect of which this Special Regulation was breached.

148. Despite Special Regulation 147, but only after any Protest has been determined, the Competitor who has lodged the Protest in question may, at the Committee's discretion, be permitted to view the video recording of the Event. Where the Competitor is a Junior accompanied by a parent or guardian, the parent or guardian may also view the video recording of the Event.

#### **TIMING**

149. Timing of all Events must be to the nearest one hundredth of a second.

#### **LOG INSPECTION AFTER CUTTING**

150. At the end of each Event the Judge and an Official will inspect each log for compliance with these Special Regulations. They will then signal that everything is in order, or not. If the inspection reveals a breach of these Special Regulations, which could affect the placings, the Official in Charge must then be so advised. The Judge and the Official in Charge must then determine whether or not the Special Regulations have been breached and in doing so, may have regard to what is revealed by any Technology recording of the Event.

#### **JUDGING**

151. Each Event is initially judged visually by the Judge, who will then provide his assessment of placings to the Official in Charge or his deputy. If there is more than one Judge and they have differing opinions as to the placings, the matter must be referred to the Official in Charge who will then determine the matter using such Technology as may be available. Subject only to the right of a Competitor to Protest (if permitted by these Special Regulations) and the application of Special Regulation 148, the decision of the Official in Charge will be final and conclusive.

152. If an Event is recorded using Technology, the Judge and the Official in Charge, or his deputy, may have regard to what is shown on the recording in coming to a decision.

#### **PRIZE MONEY**

153. If there is prize money payable in respect of an Event, it will be paid in such manner as the Committee decides.

154. If prize money is payable to a Competitor who lives out of Australia, the Competitor assumes the risk of currency fluctuations and of any fees that may be payable in respect of international transfer of funds.

155. In circumstances where GST is, or may be, payable on or in respect of prize money, a Competitor must comply with the requirements of the RAS in respect of GST obligations.

#### **THE COMMITTEE**

156. The Committee is:

- (a) responsible for the running and organisation of the Competition;
- (b) empowered to do all things necessary or desirable to that end;
- (c) subject to these Special Regulations, the final arbiter on any matter arising in relation to the Competition.

157. The Committee may appoint such persons as Officials as the Committee deems fit:

#### **ROLE OF OFFICIALS**

## PERPETUAL TROPHIES

The purpose of competition at the Sydney Royal Easter Show is to encourage agricultural and pastoral excellence, ensuring the continual improvement of standards. In the 1870s the Society introduced regulations to govern judges and judging to ensure that competition was consistent and fair, and the tradition of Perpetual Trophies dates back to this time.

The Perpetual Trophies are the most prestigious of all RAS awards. They have a dual function in recognising superior effort in competition and commemorating people and organisations that have had a long and meritorious connection with the Society. Some of the trophies currently competed for were first won in 1911. Winners of Perpetual Trophies are permanently honoured, taking their place alongside past winners and becoming part of the ongoing tradition of the RAS.

The Perpetual Trophy Collection of the RAS is unique. It comprises a wide range of beautiful and elegant trophies that illustrate an extraordinary history of agricultural judging and the pursuit of excellence.

Enquiries regarding the donation of Perpetual Trophies should be directed to the RAS Heritage Centre.
